Hole-In-One Contest

AUGUST 27, 2026

Blue Course, Eisenhower Park

ABOUT

The Academy Charter School

Founded in 2009 in Hempstead, New York, The Academy Charter School has grown into a high-performing K–12 network with campuses in Hempstead, Wyandanch, and Uniondale - serving as hubs for academic success and social development. Our schools serve grades K-12 with an enrollment of 4,246 students. We have a student-to-teacher ratio of 16:1 and a graduation rate between 90-94%. according to the National Center for Education Statistics and the NY Department of Education, our schools rank in the top 30% overall in testing, with math proficiency at 58% (top 50%), reading proficiency at 59% (top 30%), and science proficiency at 76% (bottom 50%). and proficiency rates of 58% in math and 59% in reading - both above state averages.

Beyond strong academics, The Academy fosters development of socially conscious leaders through service learning and robust Career & Technical Education (CTE) programs. Our students earn traditional academic as well as industry-recognized credentials in healthcare, business, and technology, preparing them for in-demand careers.

In 2025, The Academy Charter School launched a capital project to expand hands-on learning and Career and Technical Education (CTE) opportunities for our scholars. While important progress has been made, additional support is needed to complete this vision in 2026. The project will provide access to new career pathways, skilled trades training, and earn-while-you-learn opportunities that prepare students for college, careers, and lifelong success. Your support of the 2026 Golf Fundraising Event helps remove financial barriers and ensures that all scholars have access to these transformative opportunities. Together, we can empower students, strengthen communities, and inspire the next generation of leaders.

The Academy's mission statement:

Create world-class competitive scholars who will
LEARN today, LEAD tomorrow, and SERVE
in the future.
